DATE MAILED: 04/04/2003

Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In amended claim 1, please delete the first line reading:

"Connection of a bone screw to a bone plate the bone screw..." and replace with

--A connection comprising a bone screw for screwing into a bone and a bone plate, the

CI bone screw

Additionally, in line 3 of amended claim 1, please delete the phrase "can be" (appearing twice) and replace with the word --is--. Line 3 should now read "...the bone plate and is fixed with a securing screw which is screwed into the bone plate..."

Authorization for this examiner's amendment was given in a telephone interview with J. Georg Seka on March 24, 2003.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Independent claims 1,11,12 describe a connection of a bone screw and bone plate wherein the screw is inserted through an opening in the bone plate, the thickness of the bone plate in this region being less than or equal to the diameter of the shaft of the screw, and fixed in place by a securing screw. When implanted, the securing screw is flush with the surface of the bone plate and has a convex portion on its distal end that is received by a spherical pan in the head of the bone screw.

Art Unit: 3763

None of the prior art of record teaches a securing mechanism for a bone screw and bone plate system wherein the securing screw includes a convex portion that fits into a concave recess in the head of the bone screw.

Patent 6,022,350 teaches a bone-fixing device for use on vertebral bodies comprising a bone plate, bone screws, and a locking device to secure the bone screws wherein the locking plug terminates with the edge of the bone plate.

PCT publication WO 00/003653 teaches an internal bone fixation system wherein set screws secure the connection between the bone plate and bone screws.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
